

RENEWABLE ENERGY FROM GREEN POWER FOR BUSINESS

IT'S THE BIGGEST \$3 INVESTMENT YOU'LL EVER MAKE

OF SOCIALLY-CONSCIOUS CONSUMERS IDENTIFIED ENVIRONMENTAL SUSTAINABILITY AS A CAUSE COMPANIES SHOULD SUPPORT *NIELSEN REPORT, 2012

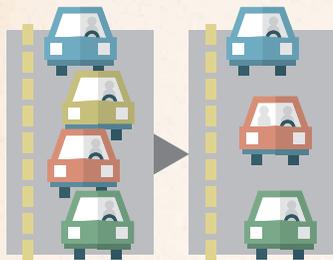

IT ONLY TAKES A LITTLE BIT TO START GIVING BACK TO YOUR COMMUNITY.

An extra three dollars to be exact. Because that's the cost of using one block of renewable energy from wind, solar and biogas resources.

Renewable energy is good for the planet and can control our community's energy costs over the long haul. It is also good for your businesses image. So make an investment in renewable energy. Your customers will appreciate it now...and for years to come.

Each \$3 block of renewable energy you buy is added to your monthly electric bill and ensures 300 kilowatt-hours (kWh) of electricity is generated by a renewable resource.

WHAT ARE THE BENEFITS? Buying two blocks of renewable energy per month for a year equals:

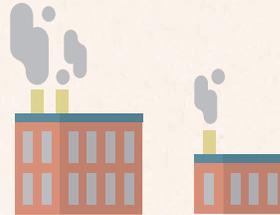

REMOVING ONE CAR FROM THE ROAD

OR

PLANTING 1.2 ACRES OF TREES

OR

PREVENTING OVER 5 TONS OF CO2 EMISSIONS

OR

ELIMINATING THE BURNING OF 3 TONS OF COAL

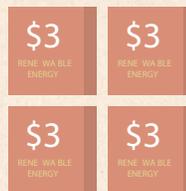

BOB'S DONUTS SHOP: A TYPICAL SMALL BUSINESS

uses anywhere from 1,200 kWh - 1,500 kWh per month in electricity.

BOB'S DONUTS USES 1,200 kWh/MONTH
4 ENERGY BLOCKS KEEP HIS SHOP GREEN

JOINING IS EASY.

There is no special equipment to install, and no change in the way your business receives or uses energy. You can start (or stop) your participation at any time, and you can use as many blocks of green power as you like. Each one is the equivalent of 300 kilowatt-hours (kWh).

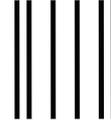

BOB IS CONFIDENT IN THE CERTIFIED RENEWABLE ENERGY THAT HE PURCHASES

We believe affordable public power strengthens our community and helps our neighbors. That's why, through WPPI Energy, we're partnering with other local not-for-profit utilities to share resources and lower costs.

The Green-e Energy logo helps consumers easily identify environmentally superior renewable energy options. For more information on Green-e Energy certification requirements, call 1-888-63-GREEN or log on to www.green-e.org.
