

DON'T...

DO...

Yard waste clogs storm drains, pollutes our waterways, and creates a road hazard. Depositing, placing or blowing any refuse, tree limbs, leaves or grass clippings in any gutter along any public street, road, alley or highway can result in the issuance of a \$100 citation plus court fees, assessments and costs.

Instead of garbage bags or reusable containers, use biodegradable paper yard waste bags available at most hardware and home improvement stores.

Mixing limbs with leaves or grass clippings can damage the Village's leaf vacuum and delay pickup.
