**Subject:** 2020 Local Street Improvements

A second Public Involvement Meeting (PIM) regarding the 2020 Local Street Improvements will be conducted from 5:30 p.m. to 6:30 p.m. on Tuesday, March 10, 2020, at the Village Hall. The objective of second PIM is to present information regarding the purpose and need for the projects, answer questions, and discuss what to expect during construction. A brief presentation is scheduled to begin at 5:30 p.m. After the presentation, the meeting will follow an open house format that will conclude at 6:30 p.m. The PIM will be held at the Village Hall located at 335 Galena Street, Prairie du Sac, WI.

The handout from the first PIM was posted on the Village's website, [www.prairiedusac.net](http://www.prairiedusac.net), under the "2020 Local Street Improvements information available." link on the homepage. The plans for the project as well as other information are available on the website in the same section. The handout from the second PIM will be posted on the village's website soon after the meeting.

### Proposed Impacts During Construction

Parking on the street in the project area will be greatly impacted to the point of no parking will be allowed during most of the project. Temporary driveway closures will be necessary during parts of the construction process. During construction, homeowners and businesses will generally have access to their driveways at the end of each work day, unless fresh concrete has been poured which needs sufficient time to cure. Homeowners and businesses will be contacted in advance before closing a driveway. Garbage and recycling collection will continue on its current schedule. Mail deliver will continue without interruption. The projects will disturb items within the Village's Right-of-Way. Trees, landscaping, and etc. within the Right-of-Way are subject to removal and damage. Anything that has been placed in the Right-of-Way by adjacent property owners was done so at their own risk. The Village recognizes that making the needed improvements will be a challenge and inconvenience for both homeowners and businesses. The Village will take measures to minimize the impact as much as logistically and financially possible.

More information regarding the 2020 Local Street Improvements, including plans, can be found at [www.prairiedusac.net](http://www.prairiedusac.net) or please contact:
